

The coolest part is the people you have the chance to meet. When I arrived here, I knew only four people, but now I know everybody! It is also very cool that we learn how to take care of ourselves and see how it works to be on our own. Even though we are not really alone since we have the teachers and our friends here with us. It is wonderful how the school trusts us to walk by ourselves (in groups of three). We also get to leave the University, in a limited way, but it is awesome.

Gabriel Machado Hulse (Middle Advanced)

The experience that I am living right now is something completely different from anything that I have ever done before. It has been amazing being able to learn and see the way people live here in the U.S. This is an incredible opportunity to feel how it is to go on an exchange program and then see if you really like the idea of studying in another country for a longer time. One of the best things of being here is that you are able to be independent and you make all your decisions by yourself. It is also very cool that you make a lot of new friends that will be with you in this life experience.

Leticia Semmer (Middle Advanced)

We're having this incredible opportunity to get out of our ordinary lives and live this experience of knowing a new culture. The opportunity to observe how different a lifestyle can be in every single corner of the world and that's why I have decided to speak about culture. The United States is one of the most culturally-diverse countries in the world. Every corner of the world has been influenced by the American culture, as America is a country of immigrants; almost every language in the world is spoken here and every known religion is practiced. The same way that many cultures from all around the world have influenced the American culture, this culture has been a great influence to the whole world.

Paula Campêlo (Lower Advanced)

It is a good experience to understand that you must have a lot of responsibility. Embry-Riddle is the best university in Daytona Beach, all the buildings here are extremely high-tech, the food offered at the cafeteria is delicious. There are a lot of things to do on campus, there are soccer courts and a swimming pool. I am loving this experience. I had never traveled alone so it is been cooler than staying in Curitiba. In the Daytona Program, we learn more because we speak English 24 hours a day. Being here is the best experience I have ever had.

Rafael Binotto Bauer (Lower Advanced)

It is worth every cent spent on it; it is not a trip, it is an investment, something to remember for the rest of your life. In the program only English is allowed, leaving the campus is possible in groups of three, students live as Americans for 23 days. Studying abroad has always been a dream that now comes true with the Daytona Program. Visiting a foreign country without our families is not easy; responsibility and patience are required. It is not easy, busy weeks and hard studies are common in this wonderful and magnificent program.

Phil NEWS

O segundo semestre chegou e as aulas dos cursos regulares estão a todo vapor. Entre as diferenciais da Phil estão a carga horária estendida, o uso do inglês em sala de aula em todos os níveis, o estímulo à conversação e a utilização de recursos tecnológicos, acesso à internet e atividades online. Você sabia que nossa escola possui cursos para atender às necessidades dos diferentes públicos? **Conheça cada um deles:**

PHIL KIDS

Voltado para alunos a partir dos 7 anos. Estudos comprovam que crianças que estudam um segundo idioma apresentam melhor desenvolvimento em outras disciplinas, como matemática, ciências, música e habilidades cognitivas.

PRE-TEENS

Curso destinado a pré-adolescentes entre 10 e 11 anos. As aulas possuem atividades mais lúdicas e o professor tem abertura para trabalhar com livros, jogos, materiais extras e para realizar atividades fora da sala de aula.

ADVANCED CONVERSATION

Voltado para quem já concluiu o curso e não quer perder o contato com a língua. As aulas acontecem uma vez por semana, com duração de duas horas e meia.

CURSOS REGULARES

A partir dos 12 anos, os alunos ingressam nos cursos regulares, que são divididos em três ciclos: *Basic*, *Intermediate* e *Advanced*.

PHIL PRO

Uma nova abordagem para o Inglês de Negócios. Tem como ponto de partida um diagnóstico da necessidade do inglês para o cotidiano profissional. Com um conteúdo flexível, o curso é adaptado à realidade de trabalho e se concentra na linguagem para uso no dia a dia e desenvolvimento da carreira.

APERFEIÇOE O SEU INGLÊS COM O PHILGO!

Os alunos da Phil podem complementar seu aprendizado com o PhilGo!, plataforma digital que pode ser acessada por qualquer dispositivo conectado à internet. Seguindo o nível de conhecimento de cada um, é possível definir uma meta, como melhorar o desempenho profissional ou viajar para o exterior. A partir dessas definições, o PhilGo! traz unidades com diferentes atividades envolvendo Reading, Listening e Vocabulary.

PARTICIPE DOS FRIDAY CLUBS

Nas sextas-feiras, a Phil Young's possui uma programação especial para você. O Conversation Club é aberto a alunos que estão matriculados a partir do Nível Intermediário 1 e tem como objetivo melhorar a pronúncia e adquirir novo vocabulário. Já o English Club é voltado a todos os alunos e serve como "tira-dúvidas", para toda e qualquer dificuldade. Não fique fora dessa e aproveite tudo o que a escola oferece para você aperfeiçoar seu inglês!

Phil Usa: a life time experience

Quer saber tudo o que rolou durante a viagem? Acesse o Instagram da Phil e confira o diário de bordo do Phil Usa 2016.

Mais de 50 jovens entre 14 e 16 anos trocaram as férias escolares de julho por uma experiência diferente. Eles participaram do Phil Usa em Daytona. Realizado todo ano no mês de julho, o programa de intercâmbio da Phil Young's English School tem parceria com a Embry-Riddle Aeronautical University e oferece uma oportunidade de imersão na língua inglesa no estado da Flórida. Durante as três semanas do programa, os alunos puderam conhecer um pouco mais sobre a cultura americana e aprimorar a conversação em inglês.

Além das aulas, os estudantes participaram de atividades extraclasse, que possibilitaram praticar ainda mais a língua inglesa. Teve passeios a parques temáticos de Orlando, como Disney Springs e Universal Studios, ao parque aquático Daytona Lagoon, ao Kennedy Space Center, ao Daytona International Speedway e a shoppings da região. Eles ainda assistiram a uma partida de beisebol e a uma apresentação do Cirque du Soleil.

Para o fundador da Phil Young's, Philip Michael Young, a experiência do intercâmbio desenvolve competências pessoais, para o aprimoramento do conhecimento. "Para quem estuda inglês é essencial a realização de um intercâmbio ao menos uma vez na vida. O ganho nesta experiência é muito superior e melhora o desempenho do estudante, assim como a visão de mundo", comenta.

Uma experiência para ficar na memória

O Phil Usa em Daytona foi uma experiência inesquecível para os jovens que participaram. Mais do que aprender inglês, o intercâmbio proporcionou conhecer e vivenciar uma outra cultura e fazer muitos amigos. Confira a opinião de alguns alunos sobre o programa:

This July was one of the best vacations I have ever had! It is a really good experience learning how to live on your own. For example, I learned how to do laundry. Living in a college campus is different from what we see in the movies. We visited places that I would have never thought of if I had been with my family. I loved this program and I would recommend it to everyone! I made new friends in our group and met people from other countries; we had interesting classes with material we would never see back home. I loved the space and the architecture of the university.
Nathalia Fistarol Daniel (Upper Advanced)

This is the first international trip I have ever taken. It's a totally new experience. When I was at the airport I thought "my god, what am I doing here? I don't know anyone, and how am I going to get by on my own?" But soon I realized that I was surrounded by friends, dancing, singing, playing. It felt like we had known each other for a long time! We started talking to everybody, even if we made mistakes, because we came here to learn and it is possible to learn from your mistakes.
Izabela de Paula Gomes (Upper Advanced)

I am feeling so sad to leave Embry-Riddle University; it has become a home for me and I would like to stay here for a long time. Here I had the best experience of my life. I met people from all over the world, I improved my English, I learned to get by on my own. The program was more than I expected; it was such an unforgettable thing that I will cherish it forever. I can't quite explain what I felt during these days, I was really in love with it. Life in the campus is something everybody would enjoy. I am happy because it will be so important for my future and for my life in general.
Rafaela Ahlfeldt Stival (Upper Advanced)

When I first got to the airport I realized I didn't know anyone. During the flight, I already started making new friends and now they are like my family to me. This experience was awesome because we have learned to do things by ourselves and practice our English but mostly because we met different people, from other cultures and with other traditions. Here at the campus we can walk around with our friends, play sports, watch TV and participate in activities with teachers. We went to Disney, to the pier, to NASA and all of that was really fun!
Isadora Regina de Azevedo e Mello (Upper Advanced)

I'm loving to travel with Phil. I've met a lot of people, had fun at the parks and hung out at the mall. I am here to improve my English and while I am doing it I am having a lot of fun. At the beginning I thought it would be a bad way of spending my vacation but now I don't want to go home. I not only learned English but I also learned to do other stuff on my own, like doing laundry, folding my clothes and talking to foreigners. If possible, I would stay here longer.
Daniel Lucas Barancelli Fetter (Upper Advanced)

One thing I know for sure is that this experience surpassed my expectations. I really need to thank Phil for this opportunity. When I first got here it was kind of a reality check, in a good way, because I had to do everything on my own. However, the amount of fun I had in this program was definitely worth all the early mornings and the exhaustion. I would undoubtedly recommend it to everyone. I don't regret it at all!
Leticia Kaomei Hara (Upper Advanced)

Coming here showed me how the atmosphere of a place can affect your behavior. We spoke English everyday; no exceptions; among friends, with the teachers, with people we met at the campus and who later became great friends, and it was, without a doubt, a wonderful learning experience. In addition to that, the friends I made here in less than a month became people I want to be around for the rest of my life. The Phil USA Program, besides improving my English, allowed me to meet unforgettable people.
Luana Morais Milarski (Upper Advanced)

I really enjoyed my experience here because I became more independent, met a lot of new people from all over the world, got the chance to study and practice English while visiting this amazing country, and learned how to get by on my own. I could also experience a bit of how college life is in the United States, which, by the way, is great. The program is an amazing idea and it really is a life lesson that we will never forget.
Luisa Zanelatto de Araujo (Upper Advanced)

This trip isn't a simple summer exchange program and I am not only learning English. I am learning how to get by on my own, doing laundry, talking to different people, getting to know other cultures and making friends. We are staying at a university with very good infrastructure and learning how life is in college here in the United States. Classes here have different dynamics; I am learning a lot and seeing that the investment that my mom made to improve my English was worth it.
João Victor Alves da Conceição (Upper Advanced)

On July 1st, I woke up very early. The big day had finally arrived. I had never thought that I would like this place so much that I would like to live here, and this is how I feel now. The people I met here, my friends, they are my family! I feel at home here. I learned how to take care of myself, I met the best people, I am living the best days of my life. It is awesome here, the classes are cool and the places we visited were as unforgettable as this whole trip was... Life in the campus is different, we are free. I wish I could come back every year.
Fernanda Czelusniak Dias Pereira (Upper Advanced)

Studying English in an American University among American students and to experience their culture along with your Brazilian friends and without your parents seems like a dream, doesn't it? But actually living in Daytona for three weeks is like dreaming while you are awake. It is like those American movies we all watch. And for me the best part is that you meet a lot of people, Brazilian and American. At night, everybody hangs out together listening to music, playing games and talking to each other. I believe that making new friends while improving my English skills is priceless.
Glória Farracha (Middle Advanced)

I have no words to describe what takes place here. It has been the most amazing experience of my whole life. It overcame all my expectations. When we were in the airport in Curitiba, I thought it was not going to be that awesome because I had just one friend coming with me. But at the time we arrived in Daytona and specially at the University, I met people that I will take with me for the rest of my life. I wish I could go back in time to the first day because then I would still have a long time here. I will miss everything.
Julia Andrade (Middle Advanced)

Coming to this Phil USA Program is one of the best things that I have ever done in my life. The University has a beautiful campus, lovely employees and much more. Here I learned how to be organized, independent and socialize with people who have different cultures. Everybody in the program is super nice and funny. Each one of us has a different story and a characteristic that makes this trip something unique. I strongly recommend that you try new things, talk to people, go to the outings, learn (and not just in class!), but with every experience you have.
